1. Background

The Education Capacity Development Partnership Fund (CDPF) is a long-running partnership between the Royal Government of Cambodia, the European Union, the Swedish International Development Agency (SIDA) and UNICEF. In 2018, the United States Agency for International Development (USAID) and the Global Partnership for Education (GPE) joined the partnership. The purpose of the CDPF, now in Phase III, is to support the realization of the two policy priorities identified in the Ministry of Education, Youth and Sport’s (MoEYS) Education Strategic Plan (ESP): (i) to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all; and (ii) to ensure effective leadership and management of education staff at all levels. To realize these two policy priorities, the CDPF provides support to capacity development priorities for the education sector as articulated in the Ministry’s Capacity Development Master Plan (CDMP) 2020-2024. In order to capture the lessons learnt, both from previous phases and the current phase, a strong monitoring and evaluation (M&E) framework is needed. This has recently been revised to reflect the re-prioritization of CDPF activities. The M&E plan assists MoEYS to systematize and improve the quality of data collection, in particular on the implementation of training, and ultimately helps to understand the impact of development investments made under the CDPF III. This work remains crucial to building a credible body of evidence, including to shape future interventions.

As the Secretariat of the CDPF, UNICEF is looking for a strong individual to support the implementation of the M&E framework, the analysis of results, and the effective reporting of CDPF achievements.
