

GENERIC JOB PROFILE

I. Post Information	
Job Title: Nutrition Specialist (Services) Supervisor Title/ Level: Nutrition Specialist P3 Organizational Unit: Programme -Nutrition Post Location: Antananarivo/Madagascar	Job Level: Level 3 Job Profile No.: CCOG Code: 1I02 Functional Code: NUT Job Classification Level: Level 3

II. Organizational Context and Purpose for the job
<p>The fundamental mission of UNICEF is to promote the rights of every child, everywhere, in everything the organization does — in programmes, in advocacy and in operations. The equity strategy, emphasizing the most disadvantaged and excluded children and families, translates this commitment to children’s rights into action. For UNICEF, equity means that all children have an opportunity to survive, develop and reach their full potential, without discrimination, bias or favoritism. To the degree that any child has an unequal chance in life — in its social, political, economic, civic and cultural dimensions — her or his rights are violated. There is growing evidence that investing in the health, nutrition, education and protection of a society’s most disadvantaged citizens — addressing inequity — not only will give all children the opportunity to fulfill their potential but also will lead to sustained growth and stability of countries. This is why the focus on equity is so vital. It accelerates progress towards realizing the human rights of all children, which is the universal mandate of UNICEF, as outlined by the Convention on the Rights of the Child, while also supporting the equitable development of nations.</p> <p><u>Job organizational context:</u></p> <p>The Nutrition Specialist (NOC) supports the implementation and management of UNICEF’s nutrition services portfolio in Madagascar, with a focus on strengthening the delivery, quality and integration of nutrition interventions within the health system and community platforms.</p> <p>The position contributes to the implementation, monitoring and scale-up of key nutrition service interventions, including the management of acute malnutrition, strengthening the quality of nutrition services, integration of nutrition within primary health care services, and the delivery of maternal nutrition and micronutrient interventions.</p> <p>Under the supervision of the Nutrition Specialist (P3 – Services), the incumbent provides</p>

technical and operational support to government counterparts and partners to ensure effective implementation and monitoring of nutrition services.

Purpose for the job:

The Nutrition Specialist provides technical and operational support for the implementation, monitoring and strengthening of nutrition services supported by UNICEF in Madagascar.

The incumbent contributes to the delivery and scale-up of key nutrition interventions, including community-based management of acute malnutrition, improvement of service quality, integration of nutrition within health services, and implementation of maternal nutrition and micronutrient interventions.

The position supports programme planning, implementation, monitoring and partnership engagement to ensure effective and sustainable delivery of nutrition services.

This is carried out according to plans, allocation, results based-management approaches and methodology (RBM), as well as UNICEF's Strategic Plans, standards of performance, and accountability framework.

III. Key function, accountabilities and related duties/tasks

Summary of key functions/accountabilities:

- 1. Support to programme development and planning**
- 2. Programme management, monitoring and delivery of results**
- 3. Technical and operational support to programme implementation**
- 4. Networking and partnership building**
- 5. Innovation, knowledge management and capacity building**

1. Support to programme development and planning

- Contribute to and support the preparation, design and updating of the situation analysis for the nutrition sector(s) to ensure comprehensive and current data on maternal and child nutrition is available to guide policy development, and the design and management of nutrition programmes/projects.
- Keep abreast of development trends to enhance programme management, efficiency and delivery.
- Participate in strategic programme discussions on the planning of nutrition programmes/projects.
- Formulate, design and prepare nutrition programme proposals, ensuring alignment with UNICEF's Strategic Plans, Country Programme, and coherence/integration with the United Nations Sustainable Development Cooperation Framework. (UNCDF), regional strategies, as well as national priorities, plans and competencies.
- Establish specific goals, objectives, strategies, and implementation plans for the nutrition sector(s) based on results-based planning terminology and methodology

(RBM). Prepare required documentation for programme review and approval.

- Work closely and collaboratively with colleagues and partners to discuss strategies and methodologies, and to determine national priorities/competencies to ensure the achievement of concrete and sustainable results.
- Provide technical and operational support throughout all stages of programming processes to ensure integration, coherence and harmonization of programmes/projects with other UNICEF sectors and achievement of results as planned and allocated.

2. Programme management, monitoring and delivery of results

- Plan and/or collaborate with internal and external partners to establish monitoring benchmarks, performance indicators, and UNICEF/UN system indicators and measurements, to assess and strengthen performance accountability, coherence and delivery of concrete and sustainable results for the nutrition service delivery in nutrition programmes.
- Participate in monitoring and evaluation exercises, programme reviews and annual reviews with government and other counterparts to assess progress and to determine required action and interventions to achieve results.
- Prepare and assess monitoring and evaluation reports to identify gaps, strengths and/or weaknesses in programme management. Identify lessons learned and use knowledge gained for development planning and timely intervention to achieve goals.
- Actively monitor programmes and projects through field visits, surveys and/or exchange of information with partners and stakeholders to assess progress. Identify bottlenecks and potential problems and take timely decisions to resolve issues and/or refer to relevant officials for timely resolution.
- Monitor and verify the optimum and appropriate use of sectoral programme resources (financial, administrative and other assets) confirming compliance with organizational rules, regulations, procedures, donor commitments, and standards of accountability. Ensure timely reporting and liquidation of resources.
- Prepare regular and mandated programme/project reports for management, donors and partners to keep them informed of programme progress.

3. Technical and operational support to programme implementation

- Provide technical guidance and operational support to government counterparts, NGO partners, UN system partners and other country office partners/donors on the interpretation, application and understanding of UNICEF policies, strategies, processes, best practices, and approaches on nutrition and related issues to support programme development planning, management, implementation, and delivery of results.

- Provide technical support to government counterparts and implementing partners for the delivery of nutrition services, including the management of acute malnutrition, maternal nutrition interventions and micronutrient programmes.
- Draft policy papers, briefs and other strategic programme materials for management use, information and/or consideration.
- Support the strengthening of nutrition service integration within health systems, including collaboration with maternal, newborn and child health services.

4. Networking and partnership building

- Build and sustain effective close working partnerships with nutrition sector government counterparts and national stakeholders through active sharing of information and knowledge.
- Facilitate programme implementation and build capacity of stakeholders to achieve programme goals on maternal and child rights as well as social justice and equity.
- Prepare communication and information materials for CO programme advocacy to promote awareness, establish partnership/alliances and support fund raising for nutrition programmes (maternal, newborn and child survival and development).
- Participate and/or represent UNICEF in inter-agency discussions, ensuring that UNICEF's position, interests and priorities are fully considered and integrated in the UNDCF development planning and agenda setting.

5. Innovation, knowledge management and capacity building

- Apply and introduce innovative approaches and good practices to build the capacity of partners and stakeholders, and to support the implementation and delivery of concrete and sustainable programme results.
- Keep abreast, research, benchmark, and implement best and cutting-edge practices in nutrition management and information systems. Assess, institutionalize and share best practices and knowledge learned.
- Contribute to the development and implementation of policies and procedures to ensure optimum efficiency and efficacy of sustainable programmes and projects.
- Organize and implement capacity building initiatives to enhance the competencies of clients and stakeholders to promote sustainable results on nutrition related programmes and projects.

IV. Impact of Results

The efficiency and efficacy of support provided by the Nutrition Specialist to the preparation, planning and implementation of nutrition programmes/projects contributes to

and accelerates the national development efforts to improve the nutritional status of mothers, infants and children in the country. This in turn contributes to maintaining and enhancing the credibility and ability of UNICEF to continue to provide programme services to mothers and children that promotes greater social equity in the country.

V. UNICEF values and competency Required (based on the updated Framework)

i) Core Values

- Care
- Respect
- Integrity
- Trust
- Accountability
- Sustainability

ii) Core Competencies

- Demonstrates Self Awareness and Ethical Awareness (1)
- Works Collaboratively with others (1)
- Builds and Maintains Partnerships (1)
