

UNITED NATIONS CHILDREN'S FUND JOB PROFILE

I. Post Information

Job Title: IM Officer Roving (Nutrition Cluster) Supervisor Title/ Level: Nutrition Specialist Cluster Coordinator (P3) Organizational Unit: Emergency Post Location: Kinshasa / DRC	Job Level: P2 Job Profile No.: CCOG Code: 1C Functional Code: KMA Job Classification Level: P2
--	---

II. Organizational Context and Purpose for the job

Humanitarian action is of fundamental importance to UNICEF and encompasses interventions aimed at saving lives, alleviating suffering, maintaining human dignity, and protecting the rights of affected populations wherever there are humanitarian needs, as well as interventions addressing underlying risks and causes of vulnerability to disasters, fragility and conflict. UNICEF's humanitarian action is guided by the Core Commitments for Children in Humanitarian Action (CCCs) which set organizational, programmatic and operational commitments and benchmarks against which UNICEF holds itself accountable for the coverage, quality and equity of its humanitarian action and advocacy and which are mandatory for all UNICEF personnel.

Furthermore, UNICEF is committed to support humanitarian coordination through the cluster approach. Introduced as part of the humanitarian reform, the cluster approach, aims at ensuring clear leadership, predictability and accountability in international responses to humanitarian emergencies by clarifying the division of labor among organizations and better defining their roles and responsibilities within the different sectors involved in the response. As a member of the IASC, UNICEF work along with national and local stakeholders (including national and local authorities, CSOs, and communities) to support humanitarian coordination and to improve the collective impact of humanitarian response. Whether the cluster approach is activated or not, UNICEF plays a key role in both global and country-level interagency coordination for its areas of programmatic responsibility. As Cluster Lead Agency (CLA) for Nutrition, WASH, Education (co-led), and Child Protection Area of Responsibility (AoR) within the Protection Cluster, UNICEF is committed to fulfil the core functions defined by the IASC when the clusters are activated or when UNICEF is asked to support sectoral coordination.

A well-run Cluster Working Group coordination team, including Information Management (IM), is a formal deliverable of the Cluster Lead Agency and forms a part of the agency's work. The IM Officer (Nutrition Cluster) is a core member of the Cluster Working Group coordination team.

Job organizational context: The IM Officer (Nutrition Cluster) is to be used in a Country Office (CO) where the Nutrition Specialist Cluster Coordinator is at P3, and the Representative is at P5 or D1. The post-holder will be based in a sub-national Cluster Working Group, or a smaller office

within a regional hub. The position reports to a Nutrition Specialist Cluster Coordinator for general guidance and direction.

Purpose of the job: Under the overall direction and guidance of the Nutrition Manager/ Specialist Cluster Coordinator, the IM Officer (Nutrition Cluster) will manage the IM function of the Cluster Working Group at the sub-national level. They are responsible for ensuring IM processes effectively contribute to a well-coordinated, strategic, adequate, coherent, and effective response by participants in the Cluster Working Group that is accountable to those who are affected by the emergency. In their effort to enable an efficient and effective response to the humanitarian crisis, the IM Officer (Nutrition Cluster) is responsible for managing the collection, analysis and sharing of information that is essential for the sub-national Cluster Working Group participants to make informed, evidence-based, strategic decisions and for ensuring they are adequately coordinating with the national level

III. Key function, accountabilities and related duties/ tasks

The post holder is responsible for supporting the information management function to enable the effective functioning of the Cluster Working Group at the sub-national level, and the achievement of the core cluster functions, throughout the Humanitarian Programme Cycle in order to facilitate a timely and effective Cluster Working Group response.

The postholder's main tasks and responsibilities will include but not be limited to:

Coordination and representation

- As a member of the coordination team, contribute to the effective roll out and monitoring of the core cluster functions (as outlined by the IASC Reference Module) and to the Humanitarian Programme Cycle (HNO, HRP and CCPM),
- Support the Cluster Working Group IM function and coordinate with others within the function to ensure effective communication, reporting and engagement,
- Actively engage with other IMs through relevant IMWGs, including participating in the Cluster Working Group IMWG and representing the Cluster Working Group on the inter-cluster IMWG as relevant at sub-national level,
- Promote harmonized and coordinated approaches to IM across partners, AoRs/ Clusters Working Groups and OCHA at sub-national level.

IM function support

- Implement an IM strategy and data collection and analysis plan at sub-national level that take into account the information needs of stakeholders and that are compliant with standards and protocols for ethical data and information management and that is aligned with the national level IM strategy and plan,
- Implement regular secondary data reviews and primary data collection including designing questionnaires using appropriate tools,
- Conduct data processing including organizing, cleaning, triangulating, evaluating and validating the data,
- Analyse data to meet identified information needs of sub-national Cluster Working Group members and other stakeholders,
- Create accurate, quality and timely information products that are in line with agreed style guides,
- Disseminate information and information products through appropriate channels,
- Maintain and ensure the accessibility of a common and shared secure storage system,
- Gather feedback on IM products and use to make improvements.

Needs assessment and analysis

- Working collaboratively with other members of the Cluster Working Group at national and sub-national level, contribute to the planning and implementation of needs assessment and analysis, including joint assessments and analysis, as requested,
- Work with sub-national Cluster Working Group participants to identify information gaps, agree and implement ways to bridge those gaps by providing technical support to partners,
- Analyse needs assessment data to provide required information for the HNO including estimating People in Need (PIN),
- Contribute to the comparison and alignment of joint needs analysis findings with other AoRs/ Clusters Working Groups and participate in developing reports as relevant at sub-national level.

Strategic response planning

- Implement partner presence mapping at sub-national level,
- Contribute to strategic planning, response prioritization and the development of the HRP or other response plans as relevant, including the formulation of objectives, indicators and targets, prioritizing response modalities and activities, identifying and quantifying inputs and the curation of data.

Resource mobilization

- Monitor and analyse the sub-national Cluster Working Group's financial situation and support financial tracking,
- Support and advocate with Cluster Working Group partners for financial reporting on the Financial Tracking Service (FTS),
- Support evidence-based advocacy and resource mobilization by providing accurate, relevant and timely data, information and information products.

Implementation and monitoring

- Implement and maintain a sub-national Cluster Working Group monitoring plan and associated databases, including a response monitoring (3/4/5Ws) database that is in line with and contributes to national level databases,
- Ensure the sub-national Cluster Working Group monitoring plan, and 3/4/5Ws include programme delivery modalities (in-kind, cash, voucher and services),
- Support sub-national Cluster Working Group members to contribute timely and quality periodic monitoring reports on Cluster Working Group and OCHA platforms,
- Support monitoring in the areas of information flows, dissemination, processing, analysis and dissemination,
- Contribute to quantitative and qualitative gap and coverage analysis to identify spatial and temporal gaps, overlaps and coverage of the sub-national Cluster Working Group humanitarian response,
- Monitor adherence to relevant sector quality standards, regulations and codes at sub-national level.

Operational peer review and evaluation

- Participate in the annual cluster coordination performance monitoring (CCPM) exercise and annual review,
- Contribute to sectoral and broader humanitarian evaluations.

Accountability to affected people

- Be accountable to affected populations by encouraging the meaningful participation of affected people, maintaining an effective feedback mechanism and handling complaints appropriately, by ensuring data about the most vulnerable is systematically collected and analysed, and by encouraging partners to work accountably,
- Ensure the inclusion of cross cutting issues (age, child protection, disability, gender, gender-based violence (GBV) mitigation and response and HIV & AIDS) in Cluster Working Group data collection, analysis and dissemination,
- Adhere to child safeguarding and PSEA policies including procedures for challenging and reporting incidents.

Strengthen national and local capacity

- Support or implement actions to strengthen local and national leadership and capacity by encouraging participation of local and national actors in the IM activities of the sub-national Cluster Working Group and providing support to partners to overcome technical and operational challenges in participating in IM activities,
- Implement an IM capacity assessment and capacity development plan for sub-national Cluster Working Group partners.

IV. Impact of Results

The IM Officer (Nutrition Cluster) supports the IM function within the Cluster Working Group at sub-national level, providing better visibility and clarity on needs and gaps, enabling evidence-based and targeted decision-making, fundraising and advocacy, and contributing to an effective Cluster Working Group. As an essential part of the coordination function, effective IM contributes to the predictability and accountability of humanitarian action, in line with the aims of the cluster approach and IASC principles, and ensures that the humanitarian response is well-coordinated, strategic, adequate, coherent, effective and builds the resilience of the affected population. This also contributes to maintaining and enhancing the credibility and ability of UNICEF to fulfil its commitments as Cluster Lead Agency, in line with the CCCs.

V. Competencies and level of proficiency required (based on UNICEF Professional Competency Profiles)

Core Values

- Care
- Respect
- Integrity
- Trust
- Accountability
- Sustainability

Core Competencies for Staff with Supervisory Responsibilities

- Demonstrates Self Awareness and Ethical Awareness (1)
- Works Collaboratively with Others (1)
- Builds and Maintains Partnerships (1)
- Innovates and Embraces Change (1)
- Thinks and Acts Strategically (1)
- Drives to Achieve Impactful Results (1)
- Manages Ambiguity and Complexity (1)

IM Competencies

- Applies Humanitarian Principles, Standards and Guidelines (1)
- Applies Key NiE Concepts and Tools (1)
- Operates Safely and Securely (1)
- Demonstrates Commitment to a Coordinated Response (1)
- Promotes Cooperation and Collaboration (1)
- Demonstrates Accountability (1)
- Promotes Inclusion (1)
- Provides Reliable Support to the Cluster (1)
- Collects Relevant Data (1)
- Handles and Stores Data Efficiently and Sensitive (1)
- Communicates and Disseminates Information (1)
- Monitors the Response (1)
- Strengthens National Capacity to Respond and Lead (1)

(See the GNC Competency Framework for Information Management for more information on the IM Competencies.)

VI. Recruitment Qualifications

Education:	<p>A first level university degree (Bachelor's) in one of the following fields is required: Information Management or Information Systems, GIS Information Technologies, Computer Science, Statistics, Social Sciences or another subject area relevant to Information Management or to the Cluster Working Group.</p> <p>Formal training in Cluster Working Group Information Management or an advanced university degree are considered an added advantage.</p>
------------	---

Experience:	<p>A minimum of 2 years of professional experience in information management, data management, geographical information systems, assessments, situation analysis and/or PM&E with the UN and/or NGO is required.</p> <p>Experience in demonstrating strong information management skills in a professional context is essential for this post.</p> <p>Experience in a humanitarian context is an asset.</p> <p>Experience working in the humanitarian coordination system is considered an asset.</p> <p>Extensive work experience outside the humanitarian sector which is relevant to this post may be considered in lieu of humanitarian experience. Such experience should elicit demonstrated ability to adapt to change, working under pressure & unusual circumstances such as missing data/gaps.</p>
Language Requirements:	Fluency in French and in English is required. Knowledge of the official local language of the duty station is an asset.

VII. Technical requirements

The post holder must demonstrate good knowledge and skills in the following areas:

Humanitarian architecture, cluster approach and core functions

- Key process and features of the humanitarian programme cycle (HNO, HRP and CCPM), the humanitarian reform process and the transformative agenda, the Humanitarian-Development Nexus and the Grand Bargain Commitments,
- IASC Guidance Note on Strengthening Participation, Representation and Leadership of Local and National Actors in IASC Humanitarian Coordination Mechanisms, IASC Results Group 1 on Operational Response, (2021),
- IASC Reference Module for Cluster Coordination at Country Level (2015),
- IASC Guidance Note on Using the Cluster Approach to Strengthen Humanitarian Response (2006).

Humanitarian principles, standards and guidelines

- Core Commitments for Children in Humanitarian Action, (2020), UNICEF,
- The Sphere Handbook, (2018), Sphere,
- Core Humanitarian Standard on Quality and Accountability, (2014), CHSA,
- Code of Conduct for the International Red Cross and Red Crescent Movement and Non-Governmental Organizations (NGOs) in Disaster Relief, (1994), ICRC,
- Accountability to Affected Populations: The Operational Framework, (2013), IASC,
- Principles of Partnership: A Statement of Commitment, (2007), ICVA,
- Availability, Accessibility, Acceptability, Quality (AAAQ) framework: A tool to identify potential barriers in accessing services in humanitarian settings, (2019), UNICEF,
- Statement on the Centrality of Protection in Humanitarian Action, (2013), IASC,

- Special Measures for Protection from Sexual Exploitation and Sexual Abuse, (2008), Secretary General Bulletin,
- Guidelines for Integrating Gender-Based Violence Interventions in Humanitarian Action, (2015), IASC.

Nutrition in Emergencies specific knowledge and skills

- Strategic planning monitoring and evaluation and excellent data analytical skills, knowledge of database management, knowledge of nutrition assessment methodologies including MICS, DHIS, SMART, and Coverage,
- Demonstrated skills in monitoring and information management preferably related to nutrition or public health including establishing and managing nutrition/health information systems.

IM technical knowledge and skills

- Data planning skills including:
 - Developing and implementing an IM strategy and data collection and analysis plan.
- Data collection skills including:
 - Conducting SDR using appropriate platforms and tools such as DEEP (the humanitarian secondary data review & analysis platform) or Excel,
 - Designing and implementing primary data collection.
- Data processing skills including:
 - Knowledge of data protection best practices, standards and protocols, regulations and legislation.
- Data analysis and management skills including:
 - Aggregating data from multiple sources using a variety of tools such as Excel, CSV, SQL, KoBo, APIs etc.
 - Analysing data to create information useful for strategic decision-making,
 - Creating and maintaining databases using MS Excel, MS Access or other databases.
- Communication skills including:
 - Presenting information clearly in accurate and accessible information products,
 - Designing and creating static and data dynamic visualizations and dashboards using MS Power BI, Tableau, Adobe Illustrator, InDesign and MS Office,
 - Creating basic and advanced maps using GIS and map-making packages such as ArcGIS, MapInfo, QGIS, and the Adobe creative suite,
 - Storing, publishing and disseminating products through various channels such as Power BI's online service,
 - Website management skills.
- Gathering and actioning feedback on IM processes and products.

VIII. Child Safeguarding

Is this role a representative, deputy representative, chief of field office, the most senior child protection role in the

No

office, child safeguarding focal point or investigator (OIAI)?	
Is this post a direct contact role in which incumbent will be in contact with children either face-to-face, or by remote communication, but the communication will not be moderated and relayed by another person?	No
Is this post a child data role in which the incumbent will be manipulating or transmitting personal-identifiable information on children such as names, national ID, location data or photos?	No
The selected candidate for the position will be required to engage with vulnerable children?	No
