

## UNITED NATIONS CHILDREN'S FUND SPECIFIC JOB PROFILE

<b>I. Post Information</b>	
<p><b>Job Title:</b> Programme Specialist (Climate and Sustainable Environment)</p> <p><b>Supervisor Title/ Level:</b> Chief of Field Office, P4</p> <p><b>Organizational Unit:</b> Field Office</p> <p><b>Post Location:</b> Honiara, Solomon Islands</p>	<p>CCOG: 1A02 FUNCTIONAL CODE: PMA JOB CLASSIFICATION: P3/NOC</p>
<b>II. Context and Purpose of the Job</b>	
<p><b>Background</b></p> <p>The effects of climate change are severely impacting the lives of children in the East Asia and Pacific Region where many are facing three, four or even five types of multiple, overlapping shocks, stresses and hazards linked to climate change and a degraded environment. Over 140 million children in the region are highly exposed to water scarcity; 120 million children are highly exposed to coastal flooding; 210 million children are highly exposed to cyclones; and 460 million children are highly exposed to air pollution. All countries in East Asia and the Pacific are at either a “High” or “Extremely High” risk of impacts from climate change.</p> <p>UNICEF in partnership with KOICA will address the climate crisis and its impact on children in Papua New Guinea, Timor Leste, and Solomon Islands through increased climate resilience in the social services and social infrastructure. The programme aims to build climate-smart social infrastructure and access to net-zero climate-smart social services through gender responsive and inclusive low-carbon development pathways to reduce climate vulnerabilities in the targeted areas. Children in these countries will also directly and indirectly benefit from improved gender responsive climate policies, climate finance, access to climate justice, laws and regulations and transformational institutional capacity.</p> <p><b>Organisational Context and Purpose of the Job</b></p> <p>UNICEF Solomon Islands Country Office seeks to recruit a Programme Specialist (Climate and Sustainable Environment) to work to support the implementation of the KOICA supported Climate Smart Social Services and Infrastructure Programme. The Specialist will be located in Honiara, Solomon Islands</p> <p>Under the direct supervision of the Chief of Field Office, Solomon Islands, the Programme Specialist will provide support for programme planning, implementation, monitoring and evaluation and reporting, as well as data and evidence generation and technical support for the Climate Smart Social Services and Infrastructure Programme. S/he will also play a role in coordinating with Programme Specialists in other country offices, KOICA, relevant Korean institutes as appropriate, as well as embassy in country and KOICA in HQs periodically. The incumbent of the post will also play a strong coordination role with Korean authorities.</p>	
<b>III. Key functions, accountabilities and related duties/tasks</b>	
<p><b>KEY END-RESULTS</b></p> <ul style="list-style-type: none"> <li><b>Setting Standards for Programme planning</b></li> <li><b>Programme Monitoring and Assessment</b></li> <li><b>Programme Performance Monitoring</b></li> </ul>	

## UNITED NATIONS CHILDREN'S FUND SPECIFIC JOB PROFILE

### Evaluation and Assessments

#### KEY ACCOUNTABILITIES and DUTIES & TASKS

*Within the delegated authority and the given organizational set-up, the incumbent may be accountable for all or assigned areas of the following major duties and end results.*

#### **Setting Standards for Programme planning:**

- Provide technical support as necessary to the process of developing and monitoring programme work plans.
- Support the internal coordination of the project implementation, including reporting on progress of the equity and gender markers

#### **Programme Monitoring and Assessment:**

- In coordination with stakeholders, support the collection of key project indicators to improve project annual and mid-year planning.
- In key initiation and review periods, provide professional support where timely assessments are to be carried out, working in close collaboration with stakeholders, specialists and UNICEF staff.

#### **Programme Performance Monitoring:**

- Coordinate with partners to ensure that monitoring systems are properly designed, and that data collection and analysis from field visits are coordinated and standardized across all project components to feed into project performance and monitoring.
- Drawing on monitoring and analysis of key programme performance and management indicators aligned with KOICA reporting requirements, provide input to regular/mandated programme reports, including relevant sections of annual reports for management, donors and partners to keep them informed of programme progress

#### **Evaluation and Assessments:**

- Collaborate with PM&E Advisers and Regional Advisors for overall coordination of priority research, monitoring and evaluation activities.
- Undertake lessons-learned reviews on successful and unsuccessful M&E practices and experience, and ensure they are shared as appropriate.
- Assess M&E knowledge networks to identify innovations and lessons learned that may be relevant for the CO and partners to improve their M&E function.

### IV. **Impact of Results**

The programme monitoring and evaluation function supports UNICEF's strategic plan by providing essential data and analysis to ensure effective and timely programme implementation. By tracking progress, identifying challenges, promoting accountability, and applying lessons learned, the PME process will improve overall programme effectiveness. This allows UNICEF programmes to more successfully reach the most vulnerable populations affected by climate change and contributes to fulfilment of the mission to improve Childs' Rights related to survival, development, protection and participation.

### V. **Competencies and level of proficiency required**

#### **i) Core Values**

- Care
- Respect
- Integrity
- Trust
