

### TERMS OF REFERENCE FOR INDIVIDUAL CONSULTANTS

<b>Title:</b> Technical support for acceleration of childhood TB program			<b>Duty Station:</b>  <i>Jakarta – embedded to the Ministry of Health.</i>
<b>Purpose of Activity/Assignment:</b> Technical support for acceleration of childhood TB program, including for development of education materials, supporting MoH for program interventions, to support development of national strategic policy and technical guidelines, and to strengthen case findings for childhood and adolescent TB program in Indonesia.			
<b>Background:</b> Tuberculosis remains one of the main global health issues. Worldwide, TB is one of the major causes of death and second leading infectious killer. Based on the WHO 2022 Global TB Report, Indonesia is a country with the second highest TB burden in the world, with a yearly estimate of 969,000 new TB cases and 144,000 deaths. In 2021, it has been estimated that there are 89,000 childhood TB cases, which is 9% of all 969,000 TB cases in Indonesia.  To support the MoH in acceleration of childhood and adolescent TB program, a national level consultant is needed to provide direct day-to-day support to MoH and UNICEF, particularly for support to the MoH TB teamwork for acceleration of childhood and adolescent TB program in Indonesia, to liaise between MoH TB work team, MoH Health Promotion work team, UNICEF and partners in identifying relevant needs for strategic programming and TB preventive treatment program intervention.  Some of the scope of work of the national level consultant would include: <ul style="list-style-type: none"> <li>• Technical support in development of education materials on childhood and adolescent TB</li> <li>• Analysis on the needs of program intervention related to childhood TB preventive treatment (TPT) for children and adolescents</li> <li>• Technical support in development of national level policies and guidelines, such as Ministerial Regulation on childhood and adolescent TB (Permenkes TB)</li> <li>• Technical support in implementation of technical guideline on childhood and adolescent TB</li> <li>• Technical support for MoH in development of improved case findings of childhood TB at the community level.</li> </ul>			
<b>Supervisor:</b>  <b>Artha Camellia/Health Specialist</b>	<b>Start Date:</b>  <b>August 2023</b>	<b>End Date:</b>  <b>August 2024</b>
