

UNITED NATIONS CHILDREN'S FUND
Education in Emergency Specialist

I. Post Information

Job Title: **Education in Emergency Specialist**
Supervisor Title/ Level: **Chief of Education P4**
Organizational Unit: **Programme**
Post Location: **Honduras Country Office**

Job Level: **Level 3**
Job Profile No.:
CCOG Code: **1F**
Functional Code: **EDU**
Job Classification Level: **Level 3**

II. Key function, accountabilities and related duties/tasks

Summary of key functions/accountabilities:

1. **Support to programs/projects development and planning**
2. **Program management, monitoring and delivery of results**
3. **Technical and operational support to program implementation**
4. **National Education Cluster coordination and support to sub-national education cluster**
5. **Networking and partnership building**
6. **Innovation, knowledge management and capacity building**

1. **Support to program/project development and planning**

- Support the preparation/design and conduct/update of situation analysis for the education programs/projects and/or sector to ensure that current comprehensive and evidence based data on education issues are available to guide UNICEF's strategic policy advocacy, intervention and development efforts on education programs and to set priorities, strategies, design and implementation plans. Keep abreast of development trends to enhance program management, efficiency and delivery.
- Participate in strategic program discussion on the planning of education programs/projects. Formulate, design and prepare programs/projects proposal for the sector, ensuring alignment with the overall UNICEF's Strategic Plans and Country Program and coherence/integration with UN Development Assistance Framework (UNDAF), regional strategies and national priorities, plans and competencies.
- Establish specific goals, objectives and strategies and implementation plans for the sector/s using results-based planning terminology and methodology (RBM). Prepare required documentations for program review and approval.
- Work closely and collaboratively with internal and external colleagues and partners to discuss strategies and methodologies and to determine national priorities/competencies to ensure the achievement of concrete and sustainable results.
- Provide technical and operational support throughout all stages of programming processes and to ensure integration, coherence and harmonization of programs/projects

with other UNICEF sectors and achievement of results as planned and allocated.

2. Program management, monitoring and delivery of results

- Plan and/or collaborate with internal and external partners to establish monitoring benchmarks, performance indicators and other UNICEF/UN system indicators and measurement to assess/strengthen performance accountability, coherence and delivery of concrete and sustainable results for the assigned sector on education programs.
- Participate in monitoring and evaluation exercises, program reviews and annual reviews with government and other counterparts to assess progress and to determine required action/interventions to achieve results.
- Prepare/assess monitoring and evaluation reports to identify gaps, strengths/weaknesses in program and management, identify lessons learned and use knowledge gained for development planning and timely intervention to achieve goals.
- Actively monitor programs/projects through field visits, surveys and/or exchange of information with partners/stakeholders to assess progress, identify bottlenecks and potential problems and take timely decisions to resolve issues and/or refer to relevant officials for timely resolution.
- Monitor and verify the optimum/appropriate use of sectoral program resources (financial, administrative and other assets) confirming compliance with organizational rules, regulations/procedures and donor commitments, standards of accountability and integrity and ensuring timely reporting and liquidation of resources.
- Prepare regular/mandated program/project reports for management, donors and partners to keep them informed of program progress.
- Manage the national cluster coordination and provide technical support in the management of the education sub-cluster coordination
- Ensure the collection of data related to Education in Emergency and the timely compilation of report

3. Technical and operational support to program implementation

- Provide technical guidance and operational support to government counterparts, NGO partners, UN system partners and country office partners/donors on interpretation, application and understanding of UNICEF policies, strategies, processes and best practices and approaches on education and related issues to support program management, implementation and delivery of results.
- Arrange/coordinate availability of technical experts with Regional Office/HQ to ensure timely/appropriate support throughout the programming/projects process.
- Participate in education program meetings including program development and contingency planning to provide technical and operational information, advice and support.
- Draft policy papers, briefs and other strategic program materials for management use, information and/or consideration.

4. Networking and partnership building

- Build and sustain effective close working partnerships with relevant government counterparts, national stakeholders and global partners/allies/donors/academia through active networking, advocacy and effective communication to build capacity, exchange knowledge/expertise and to reinforce cooperation to achieve sustainable and broad results on education programs.
- Prepare communication and information materials for CO program advocacy to promote awareness, establish partnership/alliances and support fund raising for education programs.
- Participate and/or represent UNICEF in appropriate inter-agency (UNCT) discussions and planning on education and related issues to collaborate with inter-agency

partners/colleagues on UNDAF planning and preparation of programs/projects ensuring organizational position, interests and priorities are fully considered and integrated in the UNDAF process in development planning and agenda setting.

5. Innovation, knowledge management and capacity building

- Apply/introduce innovative approaches and good practice to build the capacity of partners and stakeholders and to support the implementation and delivery of concrete and sustainable program results.
- Keep abreast, research, benchmark and implement best practices in education management. Assess, institutionalize and share best practices and knowledge learned.
- Contribute to the development and implementation of policies and procedures to ensure optimum efficiency and efficacy of sustainable programs and projects.
- Organize and implement capacity building initiatives to enhance the competencies of clients/stakeholders to promote sustainable results on education and related programs/projects.

IV. Technical Competencies

Technical competencies must be demonstrated in the following areas:

- **Some understanding of the overall global development context**, including issues such as: poverty, conflict and the impact of these factors on education and vice-versa; and inter-sectoral approaches to address such issues in collaboration with other sectors (including Social Policy, Child Protection, Nutrition, WASH, Health and Communications within UNICEF).
- **Some knowledge of global developments in education** and international engagement strategies, including the application of the equity lens and human rights perspectives to programming, particularly in emergency contexts.
- **Some ability to support policy dialogue**: translation of analytical findings and evidence into development programmes and policy discussions around equity and learning with partners, including government, development partners, CSOs and academia in relevant areas.
- **Some education sector planning knowledge/ability**, including the range of modalities for delivering education, linkages between different sub-sectors (e.g. ECD, Primary, Secondary, Tertiary, Inclusive Education), cost-effectiveness and efficiency issues, key institutional structures, components and processes, as well as governance issues.
- **Some education and policy sector analysis capacity**, including understanding of the core education data sets, indicators, tools for analysis of equity, determinants of student access and learning, budget, cost and financing, education system management, political economy and application to education policy and strategic planning.
- **Some programme management in education**, including programme design, costing, monitoring and evaluation and reporting.
- **Some ability to support engagement with partners** (e.g. Sector Wide Approaches, Global Partnership for Education, Education in Emergency Clusters, Education Provider Forums, Delivering as One, Inter-sectoral partnerships such as in ECD), as well as networking with other key partners.

- **Some understanding of gender and inequity issues** in relation to education and development and the application of gender / equity analysis to policy and planning in education.
- For CO and RO based post and where relevant, **some understanding of policies and strategies to address issues related to resilience**: risk analysis and risk management, education in conflict situations, natural disasters, and recovery.
