

Annex 1. Skills and experience checklist for UNICEF Evaluation Office Consultancy application

Table 1. Technical expertise / specialisation in quantitative methods.

Please specify (tick the box) only those areas in which you consider yourself an expert with proven record of implemented projects in the past

Thematic area	Experi mental design (RCT)	Quasi-experimental		Country-level analysis of secondary data		Machine learning	Geo- spatial data	Cost- effectiv eness analysis	
		RDD	Match	Other	House hold data	Admin/ monitoring data	Specify the application		
Gender									
Social Protection									
Public health									
Nutrition									
Child marriage									
FGM									
Violence against children and women									
Social norms									
ECD									
Education									
Social protection (cash transfer or cash plus)									
Adolescents' skills development and transitions to work									
Conflict and violence context									
Migration and displacement context									
Climate change and natural disaster context Other (specify)									

Table 2. Technical expertise / specialisation in qualitative methods (fill if any apply).

Please specify (tick the box) only those areas in which you consider yourself an expert with proven record of implemented projects in the past

Thematic area	Theory-bas	sed approacl	nes, outco	me foci	Adaptive learning		Participatory approaches			
	Most significant change	Contributi on analysis	Process Tracing	QuiP	Realist evaluat ion	Other specify	Real-time evaluation	Developm ental Evaluation	Outcome mapping/ harvesting	With children
Gender										
Social protection										
Health										
Nutrition										
Child marriage										
FGM										
Violence against children and women										
Social norms										
ECD										
Education										
Social protection (cash transfer or cash plus)										
Adolescents' skills development and transitions to work										
Conflict and violence context										
Migration and displacement context										
Climate change and natural disaster context										
Other										

Table 3 Geographical expertise vs role and capacity

Please specify (tick the box) only those geographical areas regions) in which you have a proven record of implemented projects in the past supported by language proficiency

Regions	Team lead in Impact	Evaluator/analyst/field
	Evaluation	coordinator
Eastern and Central Europe region (ECAR)		
Eastern and South Africa region (ESAR)		
East Asia and Pacific region (EAPR)		
Latin America and Caribbean region (LACR)		
Middle East and North Africa region (MENA)		
South Asia region (ROSA)		
West and Central Africa region (WCARO)
