Background:

The current UNICEF Sierra Leone Country Programme, 2020 – 2023, has a vision of ensuring that more children and women, particularly the most deprived, have increased access to inclusive quality health, nutrition, WASH, education and child and social protection services. The Country Programme also recognises the impact of unprecedented emergencies on the lives of children and their families and therefore focuses on how at all times, all children can enjoy their rights to health, education, protection, participation, and non-discrimination.

As the office continues to be a leader in knowledge management on children's issues in Sierra Leone, there is regular need for the gathering of professional and powerful photographs that highlight the impact of investments in the different programme areas and support efforts to fundraise for the country office. These services are required on a regular basis and having a standby arrangement with photographers is important, particularly during times of an emergency where the lead time for recruitment, selection and onboard must be short.

Audio-visual products are a major part of the communication work of UNICEF, important for purposes of fund raising, advocacy and visibility to reach key stakeholders and to raise awareness on important issues. UNICEF Sierra Leone therefore needs to have a pool of photographers, who can be called on to create timely, powerful visual materials that highlight the impact of investments in the different programme areas and to demonstrate the situation of children during times of emergencies.

The required individual must be creative, forward-thinking, and should be an ambitious individual, who has a high photography aesthetic, someone who has a clear awareness of UNICEF's branding guidelines and who is familiar with ethical guidelines on working with children. The selected individuals will be on a non-exclusive roster, which has multiple individuals. The initial term of the arrangement would be 11.5 months with an option to extend, subject to satisfactory performance by the consultant, continued need and the availability of funds.

The purpose of this ToR is for UNICEF SLCO to have in place an internal roster with a larger pool of available photographers compared to the previous years when a smaller pool gave us limited options and constraints in using the services of more photographers. The successful photographers will be placed on a roster and called upon as and when a need arises.

1. Purpose and objectives:

Hi-Resolution and professionally captured photographs contribute immensely to the communication work of UNICEF, important for purposes of fund raising, advocacy and visibility to reach key stakeholders and to raise awareness on important issues. UNICEF Sierra Leone therefore needs to have a pool of photographers, who can be called on to create timely, powerful photographs that highlight the impact of investments in the different programme areas and to demonstrate the situation of children during times of emergencies. It is necessary to have compelling photos for the web, social media, reports, media pitching and other communications use.

The required individual must be creative, forward-thinking, and should be an ambitious individual, who has a high videography aesthetic, someone who has a clear awareness of UNICEF's branding guidelines and who is familiar with ethical guidelines on working with children. The selected individuals will be on a non-exclusive roster, which has multiple individuals.

The hi-resolution photographs will be used on local and global online platforms and used to support donor reports which are require powerful use of human character-driven photographs to highlight the work of UNICEF and to demonstrate the current needs of children and their families.

2. Methodology and Technical Approach

The photographer will be required to visually document UNICEF activities. The photographer will be required to have his or her own equipment and be available for travel immediately whenever the need arises.

UNICEF has first selection rights to all originals taken on this assignment.

The photographer will work with the External Relations and Advocacy unit and the various programme sections to capture and edit powerful visual materials that highlight the impact of investments in the different programme areas.

Editing and finalising photos into publishable content for the UNICEF website, social media and/or other platforms. Throughout the process, the contractor will receive regular input and feedback from UNICEF.

The number and specifications of the various photographs required, will be agreed on between the contractor and UNICEF.

3. Specific Tasks of the Consultant

The photographer will be expected to deliver any of the following as required during the whole duration of the contract:

- Production of photographs according to UNICEF standards. All photographs produced must be of the highest quality to adequately represent the organisation.
- The photographer shall use their own HD quality camera and professional editing software for the delivery of work under this agreement.
- The photographer shall edit the photographs in line with the agreed and approved needs of UNICEF.
- The minimum accepted resolution is 2000 x 3000 pixels or 6 megapixels with zero compression, while the most preferred resolution is 3000 x 4000 pixels or above.
- At the end of each assignment, the photographer will deliver a selection of powerful photos in their original JPEG or RAW format with complete captions embedded in the metadata

of each photo. Audio balance the final product and convert it in formats for use on TV, social media, website and other online channels

- Include appropriate UNICEF branding and crediting of UNICEF ownership for the produced videos.
- Archive the edited output in digital format along with professional log of the raw footage.

4. Expected Deliverables

Deliverables
1. Photographing UNICEF supported programmes and at assigned locations
2. Editing and captioning of captured photographs
3. Incorporating feedback in final product
4. Delivery of final product and digital format of photographs

5. Management, Organization and Timeframe

The photographer will report to the Communication Specialist at UNICEF but will work closely with other Communication Officers in the External Relations and Advocacy section.

The most important criteria for selecting a photographer would be a demonstrated quality of their previous work, preferably captured in diverse situations. The photographer should also be available and willing to travel to different locations within Sierra Leone.

The photographer will receive a briefing at the beginning of each assignment then hold regular discussions through meetings, email and phone as required. S/he will hold meetings from time to time for inputs on the package.

UNICEF and relevant partners will provide data and key messages that can be used to develop the required products.

UNICEF and relevant partners shall provide institutional branding guidance and consolidated comments on the /photos and captions.

UNICEF and relevant partners will facilitate a fixer for the photography project, scout location and identify subjects to be photographed.

The duration of the roster is 11.5 months.
