Post Location: **Harare, Zimbabwe**

Job Level: **NO-1**  
Job Profile No.: **ZIM24010**  
CCOG Code: **1102**  
Functional Code: **NUT**  
Job Classification Level: **NO-1**

**II. Organizational Context and Purpose for the job**

The fundamental mission of UNICEF is to promote the rights of every child, everywhere, in everything the organization does — in programs, in advocacy and in operations. The equity strategy, emphasizing the most disadvantaged and excluded children and families, translates this commitment to children's rights into action. For UNICEF, equity means that all children have an opportunity to survive, develop and reach their full potential, without discrimination, bias or favoritism. To the degree that any child has an unequal chance in life — in its social, political, economic, civic and cultural dimensions — her or his rights are violated. There is growing evidence that investing in the health, education and protection of a society's most disadvantaged citizens — addressing inequity — not only will give all children the opportunity to fulfill their potential but also will lead to sustained growth and stability of countries. This is why the focus on equity is so vital. It accelerates progress towards realizing the human rights of all children, which is the universal mandate of UNICEF, as outlined by the Convention on the Rights of the Child, while also supporting the equitable development of nations.

**Job Organizational Context:**

The Nutrition Officer will be based in the Nutrition Section, reporting to the Chief of Nutrition and Child Development who is at Level 4.

**Purpose for the job:**

The Nutrition Officer provides professional technical, operational and administrative assistance throughout the programming process for the nutrition programmes and projects, with particular attention to nutrition programming response in emergencies and support for emergency coordination. The incumbent applies theoretical and technical skills in researching, collecting, analyzing, and presenting technical programme information to support the development and formulation of the Nutrition Programme within the Country Programme, while learning organizational rules, regulations and procedures.

### **III. Key functions, accountabilities and related duties/tasks:**

#### **Summary of key functions/accountabilities:**

##### **1. Support to programme development and planning**

- Research and analyze national political, nutritional, social and economic development trends. Collect, analyze, verify, and synthesize information to facilitate reliable nutrition surveillance, emergency response and monitoring of emergency response.
- Prepare technical reports and inputs for emergency programme preparation and documentation, ensuring accuracy, timeliness and relevancy of information.
- Facilitate the development and establishment of sectoral programme goals, objectives, strategies and results-based planning with respect to emergency response, through analysis of nutrition needs and areas for intervention, as well as submission of assessments for priority and goal setting.
- Provide technical and administrative support throughout all stages of nutrition programming processes by executing and administering a variety of technical programme transactions, preparing materials and documentations, and complying with organizational processes and management systems, to support programme planning, results based planning (RBM) and monitoring and evaluating of results.
- Prepare required documentations and materials to facilitate the emergency nutrition programme review and approval process.

##### **2. Programme management, monitoring and delivery of results.**

- Work closely and collaboratively with colleagues and partners to collect, analyze and share information on implementation issues. Suggest solutions on routine programme implementation and submit reports to alert appropriate officials and stakeholders for higher-level intervention and/or decisions. Keep records of reports and assessments for easy reference and/or to capture and institutionalize lessons learned.
- Participate in monitoring and evaluation exercises, programme reviews and annual sectoral reviews with the government and other counterparts, and prepare minutes and reports on results for follow up action by higher management and other stakeholders.
- Monitor and report on the use of sectoral programme resources (financial, administrative and other assets), verifying compliance with approved allocation, goals, organizational rules, regulations, procedures, donor commitments, standards of accountability, and integrity. Report on issues identified to ensure timely resolution by management and stakeholders. Follow up on unresolved issues to ensure resolution.
- Prepare inputs for sectoral programme and donor reporting.

##### **3. Technical and operational support to programme implementation**

- Provide support to the Chief Nutrition and Child Development for nutrition sector coordination, including convening sector meetings, recording and sharing of minutes and action points, maintaining sector contact lists and 5Ws matrix.
- Engage with nutrition sector partners to maintain the nutrition network, and specifically with UNICEF implementing partners for emergency response, monitoring progress against targets as per the Programmatic Document (PD) and ensuring compliance with PD reporting and other requirements through the eTools platform.

- Undertake field visits and surveys, and exchange information with partners and stakeholders to assess progress and provide technical support. Take appropriate action to resolve issues and/or refer to relevant officials or senior management for resolution. Report on critical issues, bottlenecks and potential problems for timely action to achieve results.
- Provide technical and operational support to government counterparts, NGO partners, UN system partners, and other country office partners and donors on the application and understanding of UNICEF policies, strategies, processes, and best practices on nutrition related issues to support programme implementation, operations and delivery of results.

#### **4. Networking and partnership building**

- Build and sustain effective close working partnerships with nutrition sector government counterparts and national stakeholders through active sharing of information and knowledge to enhance programme implementation and build capacity of stakeholders to deliver concrete and sustainable results.
- Build and maintain close collaborative working relations with OCHA and other key sectors / clusters and their leads, including the Food Security and Livelihoods sector / cluster, the Health sector / cluster and the WASH sector / cluster.
- Draft communication and information materials for CO programme advocacy to promote awareness, establish partnership/alliances and support fund raising for nutrition programmes.
- Participate in appropriate inter-agency meetings (e.g. Inter-Cluster Coordination Meetings ) , nutrition sector meetings, emergency coordination meetings and events on programming to collaborate with inter-agency partners/colleagues on operational planning and preparation of emergency nutrition programmes/projects.
- Research information on potential donors and prepare resource mobilization materials and briefs for fund raising and partnership development purposes.

#### **5. Innovation, knowledge management and capacity building**

- Identify, capture, synthesize, and share lessons learned, best practices and human-interest stories for knowledge development and to build the capacity of stakeholders.
- Generate advocacy, visibility and communications materials for sharing through UNICEF Communications section on social media to raise the profile of UNICEF interventions and response activities.
- Apply innovative approaches and promote good practices to support the implementation and delivery of concrete and sustainable programme results.
- Research, benchmark and report on best and cutting-edge practices for development planning of knowledge products and systems.
- Participate as a resource person in capacity building initiatives to enhance the competencies of clients and stakeholders.

## IV. Impact of Results

The efficiency and efficacy of support provided by the Nutrition Officer to the preparation, planning and implementation of nutrition programmes/projects contributes to and accelerates the national development efforts to improve the nutritional status of mothers, infants and children in the country and this in turn contributes to maintaining and enhancing the credibility and ability of UNICEF to continue to provide programme services to mothers and children that promotes greater social equity in the country.
