Supervisor Title/ Level: **Chief Health & Nutrition P4**
Organizational Unit: **Programme**
Post Location: **Accra, Ghana**

Job Level: **NOD**
Job Profile No.:
CCOG Code: **1102**
Functional Code: **NUT**
Job Classification Level: **Level 4**

II. Organizational Context and Purpose for the job

The fundamental mission of UNICEF is to promote the rights of every child, everywhere, in everything the organization does — in programmes, in advocacy and in operations. The equity strategy, emphasizing the most disadvantaged and excluded children and families, translates this commitment to children's rights into action. For UNICEF, equity means that all children have an opportunity to survive, develop and reach their full potential, without discrimination, bias or favoritism. To the degree that any child has an unequal chance in life — in its social, political, economic, civic and cultural dimensions — her or his rights are violated. There is growing evidence that investing in the health, nutrition, education and protection of a society's most disadvantaged citizens — addressing inequity — not only will give all children the opportunity to fulfill their potential but also will lead to sustained growth and stability of countries. This is why the focus on equity is so vital. It accelerates progress towards realizing the human rights of all children, which is the universal mandate of UNICEF, as outlined by the Convention on the Rights of the Child, while also supporting the equitable development of nations.

Job organizational context:

The Nutrition Manager reports to the Chief of Nutrition who is at Level 4.

Level 4 as opposed to a level 3 nutrition professional, should be used to manage large, complex and/or integrated programmes/projects; and to provide substantive support to the Chief Health and Nutrition for the management of the entire Nutrition Programme. In addition, positions at this level are more technically authoritative in providing programmatic advisory services, as well as for overall contribution to innovation and knowledge management.

Purpose for the job:

The Nutrition Manager supports the Chief Health and Nutrition in managing the section, contributing to innovation and knowledge management. S/He is responsible for developing, preparing and managing complex, key and integrated nutrition programmes. The Nutrition Manager provides authoritative technical guidance and management support throughout the programming processes to facilitate the administration and achievement of concrete and sustainable results in maternal, infant and child nutrition programmes/projects. This is carried out according to plans, allocation, results based-management approaches and methodology (RBM), as well as UNICEF's Strategic Plans, standards of performance, and accountability framework.

III. Key function, accountabilities and related duties/tasks

Summary of key functions/accountabilities:

1. Management and advisory support to the Chief
2. Programme development and planning
3. Programme management, monitoring and delivery of results
4. Advisory services and technical support
5. Advocacy, networking and partnership building
6. Innovation, knowledge management and capacity building

1. Management and advisory support to the Chief

- Provide advice to the Chief in establishing the annual work plan, including developing strategies and determining priorities, targets and performance measurements.
- Coordinate work progress monitoring and ensure results are achieved according to schedule and performance standards, and report to Chief critical issues for timely action.
- Provide technical assistance and advice to colleagues in the section on all aspects of programming and implementation to enable them to achieve performance objectives.
- Perform the full duties of the Chief in his/her absence.

2. Programme development and planning

- Provide technical support and guidance on the preparation, design and updating of the situation analysis for the nutrition sector/s to ensure comprehensive and current data on maternal and child nutrition is available to guide policy development as well as design and management of nutrition programmes/projects.
- Keep abreast of development trends to enhance programme management, efficiency and delivery.
- Participate in strategic programme discussions on the planning of nutrition programmes/projects.
- Formulate, design and prepare a sector of the nutrition programme proposal, ensuring alignment with UNICEF's Strategic Plans, Country Programme, and coherence/integration with the UN Sustainable Development Cooperation Framework (UNSDCF), regional strategies, as well as national priorities, plans, and competencies.
- Establish specific goals, objectives, strategies, and implementation plans for the sector(s) based on results-based planning terminology and methodology (RBM). Prepare required documentations for programme review and approval.
- Work closely and collaboratively with colleagues and partners to discuss strategies and methodologies, and to determine national priorities and competencies to ensure the achievement of concrete and sustainable results.
- Provide authoritative technical and operational support throughout all stages of programming processes to ensure integration, coherence and harmonization of programmes/projects with other UNICEF sectors and achievement of results as planned and allocated.

3. Programme management, monitoring and delivery of results

- Plan and/or collaborate with internal and external partners to establish monitoring benchmarks, performance indicators and other UNICEF/UN system indicators and measurements to assess and strengthen performance accountability, coherence, and delivery of concrete and sustainable results for the assigned sector in nutrition programmes.
- Participate in monitoring and evaluation exercises, programme reviews and annual health reviews with the government and other counterparts to assess progress and to determine required action and interventions to achieve results.
- Prepare and assess monitoring and evaluation reports to identify gaps, strengths and/or weaknesses in programme management. Identify lessons learned and use knowledge gained for development planning and timely intervention to achieve goals.
- Actively monitor programmes and projects through field visits, surveys and/or exchange of information with partners and stakeholders to assess progress, identify bottlenecks and potential problems, and take timely decisions to resolve issues and/or refer to relevant officials for timely resolution.
- Plan, monitor and verify the optimum and appropriate use of sectoral programme resources (financial, administrative and other assets) confirming compliance with organizational rules, regulations, procedures, donor commitments, and standards of accountability. Ensure timely reporting and liquidation of resources.
- Prepare regular and mandated programme/project reports for management, donors and partners to keep them informed of programme progress.

4. Advisory services and technical support

- Provide advice to key government officials, NGO partners, UN system partners, and other country office partners/donors on policies, strategies, best practices and approaches on nutrition-related issues to support programme development planning, management, implementation, and delivery of results.
- Participate in strategic programme discussions and planning to provide technical advice, contribute to policy discussions and agendas, and promote health/nutrition interventions, especially in the areas of gender, emergency preparedness and maternal, newborn, and child health and nutrition.
- Prepare policy papers, briefs and other strategic programme materials for management use, information and/or consideration.
- Participate in emergency preparedness initiatives for programme development, contingency planning and/or to respond to emergencies in country or where designated

5. Advocacy, networking and partnership building

- Build and strengthen strategic partnerships with nutrition/health sector government counterparts, national stakeholders, global partners, allies, donors, and academia, through active networking, advocacy and effective communication. Build capacity, exchange knowledge and expertise, and/or promote cooperation and alliances to achieve programme goals on maternal and child rights as well as social justice and equity.
- Prepare communication and information materials to highlight programme goals, achievements and/or needs to promote awareness, establish partnerships/alliances and support fund raising for nutrition programmes (maternal, newborn and child survival and development).
- Participate and/or represent UNICEF in appropriate inter-agency (UNCT) discussions and

planning on nutrition-related issues to ensure organizational position, interests and priorities are fully considered and integrated in the UNDAF process in development planning and agenda setting. Collaborate with inter-agency partners/colleagues on UNDAF planning and preparation of nutrition programmes/projects.

6. Innovation, knowledge management and capacity building

- Promote critical thinking, innovative approaches and good practices for sustainable nutrition programme/project initiatives through advocacy and technical advisory services.
- Keep abreast, research, benchmark, and implement best and cutting edge practices in health management and information systems. Institutionalize and share best practices and knowledge learned.
- Contribute to the development of policies and procedures, and introduce innovation and best practices to ensure optimum efficiency and efficacy of sustainable programmes and projects.
- Organize, plan and/or implement capacity building initiatives to enhance the competencies of clients and stakeholders to promote sustainable results on health/nutrition related programmes/projects.

IV. Impact of Results

The efficiency and efficacy of support provided by the Nutrition Manager to the preparation, planning and implementation of nutrition programmes/projects contributes to and accelerates the national development efforts to improve the nutritional status of mothers, infants and children in the country. This in turn contributes to maintaining and enhancing the credibility and ability of UNICEF to continue to provide programme services to mothers and children that promotes greater social equity in the country.

V. UNICEF values and competency Required (based on the updated Framework)

i) Core Values

- Care
- Respect
- Integrity
- Trust
