

### TERMS OF REFERENCE FOR INDIVIDUAL CONSULTANTS

<b>Title:</b> UN Joint Programme on Mental Health and Psychosocial Wellbeing and development of children and Adolescents	<b>Funding Code</b>  6890/09/07/400/002/027  GS 220006	<b>Type of engagement</b>  <input checked="" type="checkbox"/> Individual Consultant	<b>Duty Station:</b>  Maputo
<p><b>Purpose of Activity/Assignment:</b> Support country-level delivery of the UNICEF and WHO Joint Programme on Mental Health and Psychosocial Well-being and Development of Children and Adolescents in Mozambique</p>			
<p><b>Scope of Work:</b></p> <p>Positioned within the WHO-UNICEF Strategic Collaboration Framework, the UNICEF and WHO Joint Programme on Mental Health and Psychosocial Wellbeing and Development of Children and Adolescents has a bold vision: By 2030, children, adolescents, and their caregivers living in countries targeted under the Joint Programme will experience reduced suffering and improved mental health and psychosocial wellbeing and development.</p> <p>The Joint Programme aims to achieve this by strengthening the capacity of countries to implement evidence-informed and human-rights based multisectoral strategies to deliver opportunities, support and services for children, adolescents and their caregivers. The Joint Programme will also advance visibility, awareness and investment at the national and global level through joint action. In pursuit of its vision, the UNICEF and WHO Joint Programme establishes mutual commitments, a shared framework and a coordinated strategy to transform laws, policies, services, and family and community environments for improved mental health and psychosocial well-being and development trajectories for the next generation.</p> <p>In a phased implementation over 10 years, four core strategies will expand capacity to deliver at all levels and have real impact for children and adolescents' mental health and psychosocial wellbeing: (i) strengthening effective leadership, governance and advocacy; (ii) strengthening service delivery and care systems; (iii) implementing strategies for promotion and prevention in mental health; and (iv) strengthening information systems, evidence on children and adolescent mental health and psychosocial wellbeing and research.</p> <p>Leveraging on the strengths of both agencies and building on ongoing collaboration and learning, the Joint Programme is being rolled out across six global regions, with at least two countries per region targeted for intensive support. Seven countries have already been selected where there is strong commitment from government and other stakeholders to work for change: Bhutan, Colombia, Ivory Coast, Guyana, Jordan, Maldives and Mozambique.</p> <p>In Phase 1 of the Joint Programme (2021-2023), mapping of needs and priorities conducted by UNICEF and WHO programme staff at regional and country level has revealed significant technical capacity gaps which are impeding progress towards delivery of the Joint Programme's vision, gaps that have been exacerbated by the impacts of the COVID-19 pandemic. Recognizing this, WHO and UNICEF will recruit a consultant to support development and implementation of the Joint Programme in the countries thus far identified for intensive support over a 6 months' period. Consultants will be based in-country and will have a reporting line to both the WHO and UNICEF respective focal points for the Joint Programme in country offices.</p> <p>The Consultant will be responsible for leading on and coordinating the development and initial implementation of a country-level plan for the Joint Programme in Mozambique. This will include:</p> <ul style="list-style-type: none"> <li>• Working with UNICEF and WHO country office technical staff on development of a detailed, costed country-level plan for the Joint Programme and its monitoring and evaluation framework,</li> <li>• Liaising between WHO and UNICEF country offices and supporting engagement and coordination with country stakeholders</li> </ul>			

- Facilitating stakeholder consultations on priority interventions and planning and review Joint Programme meetings
- Supporting the implementation of the Joint Programme workplan
- Narrative reporting against the [Joint Programme's Monitoring Framework](#)
- Supporting resource mobilization efforts at country, regional and HQ levels.
- Supporting the development of the case for support on Mental Health and Psychosocial Well-being and Development of Children and Adolescents for further advocacy and fundraising

<sup>i</sup> Costs indicated are estimated. Final rate shall follow the “best value for money” principle, i.e., achieving the desired outcome at the lowest possible fee. Consultants will be asked to stipulate all-inclusive fees, including lump sum travel and subsistence costs, as applicable.

Payment of professional fees will be based on submission of agreed deliverables. UNICEF reserves the right to withhold payment in case the deliverables submitted are not up to the required standard or in case of delays in submitting the deliverables on the part of the consultant

**Text to be added to all TORs:**

Individuals engaged under a consultancy contract will not be considered “staff members” under the Staff Regulations and Rules of the United Nations and UNICEF’s policies and procedures and will not be entitled to benefits provided therein (such as leave entitlements and medical insurance coverage). Their conditions of service will be governed by their contract and the General Conditions of Contracts for the Services of Consultants and Individual Contractors. Consultants and individual contractors are responsible for determining their tax liabilities and for the payment of any taxes and/or duties, in accordance with local or other applicable laws.

The selected candidate is solely responsible to ensure that the visa (applicable) and health insurance required to perform the duties of the contract are valid for the entire period of the contract. Selected candidates are subject to confirmation of fully-vaccinated status against SARS-CoV-2 (Covid-19) with a World Health Organization (WHO)-endorsed vaccine, which must be met prior to taking up the assignment. It does not apply to consultants who will work remotely and are not expected to work on or visit UNICEF premises, programme delivery locations or directly interact with communities UNICEF works with, nor to travel to perform functions for UNICEF for the duration of their consultancy contracts.

UNICEF offers [reasonable accommodation](#) for consultants with disabilities. This may include, for example, accessible software, travel assistance for missions or personal attendants. We encourage you to disclose your disability during your application in case you need reasonable accommodation during the selection process and afterwards in your assignment.
