---	--

PURPOSE OF THE JOB

Reporting to the Health & Nutrition Specialist (Emergencies) P3 level post, the Health & Nutrition Specialist (NO-3 level) is responsible for the development, planning, implementation, monitoring and evaluation and administration of the Health & Nutrition programme within the country programme. The Specialist is accountable for effective technical and programme support to facilitate the application and adaptation of UNICEF policies and strategies to achieve strategic priorities and objectives and expansion of UNICEF assisted Health & Nutrition interventions, including the attainment of the Sustainable Development Goals agenda.

KEY END-RESULTS

1. Support to timely sectoral analysis, input, support and coordination to the Situation Analysis and its periodic update for effective project planning, development and management, under the supervision the Health and Nutrition Specialist P3 and in partnerships with key stakeholders and with contribution of knowledge institutions.
2. Ensure quality contributions are made to the development and implementation of Integrated Health & Nutrition strategies and approaches through participation and collaboration with internal and external partnership.
3. Support the establishment of strategic work plan and objectives and provide effective implementation support to achieve timely results through application of technical expertise, in consultation with all relevant partners.
4. Support to overall project implementation progress monitoring and evaluation for adjustment, acceleration and improvement of program delivery and sustainability. Gender/sex disaggregated data and inputs are provided, relevant to the Health and Nutrition programme, considering gender transformative strategies in the North.
5. Technical support is provided to government and NGOs and all other partners at various stages of the project implementation, monitoring and evaluation, including capacity building of government personnel and beneficiaries.
7. UNICEF and Government and implementing partners accountability is ensured for supply and non-supply assistance and disbursement of programme funds for Health & Nutrition.
8. Support effective working relationships with internal and external counterparts are kept maintained for advocacy, technical coordination, information sharing and knowledge networking.
9. Relevant and strategic information is kept available and shared with relevant stakeholders as required to support the Health & Nutrition Programme by the effective implementation of an integrated monitoring system.
10. Required programme/project reports are timely prepared and shared as required in compliance with the established guidelines and procedures.
11. Emergency preparedness is maintained and emergency responses with effective coordination are provided and in line with the Core Commitments for Children (CCCs) in Humanitarian Action, partnerships with the Health and Nutrition humanitarian actors strengthened within the Inter-Agency Standing Committee (IASC).
12. Other assigned duties and responsibilities are effectively accomplished.

KEY ACCOUNTABILITIES and DUTIES & TASKS

Within the delegated authority and under the given organizational set-up, the incumbent may be assigned the primary, shared, or contributory accountabilities for all or part of the following areas of major duties and key end-results.

1. Contribute to timely sectoral analysis, input and support contribute to the Situation Analysis and its periodic update for effective project planning, development and management.

- Contributes to the preparation of the Situation Analysis by compiling, analysing and evaluating information, data and providing the technical input and support to Health & Nutrition interventions and its periodic update. Contributes to the consultation and coordination with key partners at all levels.

2. Quality technical contributions are made to the development and implementation of Integrated Health & Nutrition strategies and approaches through participation and collaboration with internal and external partnership.

- Works with other UNICEF sectors, particularly Health, Nutrition, HIV/AIDS, WASH, Social Policy and Education programme communication to ensure integration of the Health & Nutrition programme with other sectors.
- Contributes to build on intersectoral experience and establish partnerships to promote innovative approaches to address immediate and underlying determinants of maternal, newborn and child health and nutrition, recognizing that health and nutrition outcomes are not the results of action in the health and nutrition sectors alone.
- Participates with UNICEF, Government, non-government organizations (NGOs) and other partners in the development of strategies and approaches relating to Health & Nutrition. Monitors status to ensure achievement of strategic results in line with agreed Work Plan and Country Programme objectives and adopts corrective action to meet programme/project objectives.
- Contributes to the identification and introduction of new approaches, methods and practices in project management for improving programme delivery with emphasis on sustainability of intervention and community participation.

3. Work plan and objectives are strategically established, implementation support is effectively provided, and planned results are timely delivered through application of technical expertise.

- Exercises technical and programme management leadership for the development and implementation of the results-based sectoral work plan and objectives as well as for administration and monitoring of sectoral project activities, consistent with the defined project strategic priorities and approaches.
- Ensures objectives and targets are timely achieved, through full coordination between activities and collaboration with implementing partners, by providing guidance and support to staff of Health & Nutrition.

4. Project implementation progress is monitored and evaluated for adjustment, acceleration and improvement of program delivery and sustainability.

- Undertakes field visits to monitor programmes, as well as participates in periodic programme reviews with government counterparts and other partners. Identifies necessary action for programme adjustments. Provides technical advice and support to government officials and implementing partners in the planning and management of the Health & Nutrition interventions and ensures their sustainability. Support maintenance of information system for monitoring gender sex aggregated data.

UNITED NATIONS CHILDREN'S FUND GENERIC JOB PROFILE

5. Technical support is provided to government and NGOs at various stages of the project implementation, monitoring and evaluation, including capacity building of government personnel and beneficiaries.

- Provides technical support to government and NGOs in the planning, development, implementation, and evaluation stages of the programmes/projects.
- Identifies training needs; designs and conducts training and orientation activities for government personnel and beneficiaries and other relevant partners, for the purpose of capacity building, sustainability of programme/projects and expansion of coverage of services.

7. UNICEF and Government accountability is ensured for supply and non-supply assistance and disbursement of programme funds for Health & Nutrition.

- Coordinating with Operations and Supply staff on supply and non-supply assistance activities, ensures UNICEF, Government partner and all implementing partners accountability. Certifies disbursements of funds, ensuring those activities are within established plans of action and programme budget allotments; and to orientate and train Government and UNICEF implementing partners in UNICEF supply and non-supply policies and procedures. Monitors the overall allocation and disbursement of programme funds, making sure that funds are properly coordinated, monitored and liquidated. Submits financial status reports to management in compliance with the regulations and guidelines.

8. Effective working relationships with internal and external counterparts are kept maintained for advocacy, technical coordination, information sharing and knowledge networking.

- Supports coordination of activities and exchanges information and knowledge with other programmes to contribute to achievement of overall country programme objectives. Builds up effective monitoring, knowledge database/network and reporting systems to ensure the availability of current and accurate programme information/data, and contributes to the development of communication materials and strategies to support advocacy and community participation for Health & Nutrition; and to widen partnership with all stakeholder at national, regional, district, community and household levels as well as with funding partners including the private sector in order to accelerate achievement of Health and Nutrition related MDGs goals.
- Facilitates partnership and collaboration with external counterparts, including those of the UN and national partners, in order to improve the ability to collect and disseminate relevant data, and to exchange information on programme/project development and implementation. Facilitates exchange of knowledge, information, experience and lessons learned.

9. Relevant and strategic information is kept available to support the Health & Nutrition Programme by the effective implementation of an integrated monitoring system.

- In collaboration with monitoring and evaluation and program communication colleagues, conducts accurate and timely monitoring and data collection, and supports an integrated monitoring system, in consultation with all relevant stakeholders.
- Coordinates with partners to ensure that monitoring systems are properly designed, and that data collection and analysis from field visits are coordinated and standardised across programmes to feed into to programme performance monitoring.
- Provides assistance for evaluation exercises, programme mid-term review, annual sector review and preview meetings with Government counterparts and all other relevant partners. Analyses and evaluates monitoring data, ensures achievement of objectives and proposes corrective measures as appropriate.
